Date: April 26, 2025

Time: 10:00 AM – 4:00 PM

Venue: Innovation and Incubation Center, KIPM

Organized By: Evolvera Club & 10X Club

Powered by: Coding Ninjas

Total Participation: 29 Teams

Faculty Mentor: Dr. Ranjeet Rai

Sponsored by: ABONICS India & Coding Ninjas

1. Introduction

INNOVATEX 2025, presented by 10X Club KIPM, is not just a hackathon—it's a platform where creativity drives impact. Built on the belief that "Your Background Doesn't Matter—Your Ideas Do!", this one-day innovation sprint invites students from all fields to tackle real-world challenges and transform ideas into working prototypes.

Whether you're a coder, designer, or simply passionate about problem-solving, INNOVATEX is your stage to innovate and collaborate. Join us to unleash your potential, break boundaries, and bring your vision to life—all in just one powerful day of creation.

2. Objectives

To empower students from all academic backgrounds to ideate, collaborate, and innovate solutions to real-world challenges through a high-energy, one-day hackathon experience that fosters creativity, problem-solving, and technical execution.

3. Event Description:

INNOVATEX 2025, organized by 10X Club KIPM, is a 9-hour intercollegiate hackathon designed to ignite innovation and creativity among students from all disciplines. Guided by the theme "Your Background Doesn't Matter — Your Ideas Do!", the event brings together diverse minds to solve real-world problems through rapid ideation and prototyping.

Held at KIPM Campus, Gida, Gorakhpur, the hackathon saw enthusiastic participation from students of multiple colleges, encouraging collaboration across campuses. Teams worked intensively to turn ideas into working models, supported by mentors and evaluated by expert judges. The event celebrated not just technical skills, but creativity, teamwork, and impact.

4. Evaluation Criteria:

- Innovation & Originality – Uniqueness of the idea and creative approach.
- Problem Relevance – Alignment of the solution with real-world issues.
- Feasibility – Practicality and implementability of the prototype.
- Technical Execution – Quality, performance, and completeness of the working model.
- Team Collaboration & Presentation – Coordination among team members and clarity of the final pitch/demo.

5. Event Highlights:

- ⚡ 9-Hour Innovation Sprint
- 🎯 Open to All Disciplines
- 🛠 Hands-on Prototyping
- 🎤 Live Pitches to Judges
- 🏆 Exciting Prizes for Top Teams
- 💡 Mentorship & Networking Opportunities
- 📍 Venue: KIPM Campus, Gorakhpur
- 🕒 Time: Starts at 10:00 AM | Date: 26 April

Feedback:

INNOVATEX 2025 was an intense yet inspiring experience. Collaborating with students from other colleges pushed our creativity and broadened our approach to problem-solving. The fast-paced format challenged us to think quickly, prototype effectively, and present confidently. Mentorship throughout the event was extremely valuable, helping us stay on track and refine our ideas. Overall, it was a perfect blend of learning, innovation, and fun.

Conclusion:

INNOVATEX 2025 concluded successfully with active participation from 29 teams, including students from various colleges. The event fostered creativity, collaboration, and rapid problem-solving under a tight 9-hour deadline. Participants showcased innovative ideas and functional prototypes addressing real-world challenges. The enthusiastic response, seamless coordination, and strong mentor support made the hackathon a memorable and impactful experience for all involved.
